ABOUT US

DC's Fly by Studio is run by husband-and-wife team Lloyd and Teri Miller. Lloyd creates the artwork, and Teri runs the business. They like to say their studio is where fine art and fishing meet.

Lloyd paints in watercolor using two very different, highly detailed styles. One uses wide, bold strokes; the other is made up of tiny mosaic-like squares that each feel like a small painting.

Montana wildlife, flies, and fly fishing inspire every piece.

We offer originals, giclee prints, cards, and stickers so everyone can enjoy our art.
